## PROFILE

Creative Frontend Developer passionate about crafting engaging, responsive, and user-centric web experiences. Dedicated to delivering visually appealing and seamless designs.

## PROJECTS

**Personal PortFolio,** *This project was made to showcase my skills  and achievements.* ⎋
- Created a personal website using HTML, CSS and JavaScript to present my projects. I created a mobile-friendly design and integrated responsive features. I have acquired practical knowledge of advanced frontend development and enhanced my web design skills.

**Recipe Recommenation System**
- Developed a Recipe Recommendation System using React.js, providing personalized recipe suggestions based on user preferences like ingredients, cuisine, and dietary needs. Integrated advanced search options and a responsive design for seamless use across devices.

## PROFESSIONAL EXPERIENCE

**Internship,** *Software Testing*                                    (Remote) Chennai, India
- Acquired knowledge in defect tracking and quality assurance software at Sales Queen Solutions as a Manual Tester – the position which required executing comprehensive functional tests, preparing use case scenarios, as well as manually checking errors in the program.

## SKILLS

HTML │ CSS │ C Programming │ Github │ JavaScript │ React.js │ Next.js │ Tailwind CSS │ Bootstrap │ AWS

## EDUCATION

**Kongu Engineering College,** *MCA (Computer Applications)*          2024 – 2026 │ Erode, India
